

# Worry

Howie D

Sometime a feeling just come over me  
Make my hands sweaty, make my heart beat  
I got butterflies all tied up inside  
I can't sleep even when I count sheep

That's worry  
Worry  
Worry  
Worry worry worry  
Worry  
Worry  
Worry  
Worry worry worry

When I go to the doctor  
And I know I'm getting a shot  
I try to run away  
But I always end up getting caught

And that's when the feeling just come over me  
Make my hands sweaty, make my heart beat  
I got butterflies all tied up inside  
I can't sleep even when I count sheep

That's worry  
Worry  
Worry  
Worry worry worry  
Worry  
Worry  
Worry  
Worry worry worry

When I go to the playground  
Will I get pushed off the swing?  
When I go to music class  
I pray I don't have to sing  
When I eat in the lunchroom  
Will I have to sit all alone?  
If they run out of ice cream  
Will I be left with an empty cone

That's worry  
Worry  
Worry  
Worry worry worry

Uneasiness cause me so much distress  
I'm even agitated by my own edginess  
You'd think I would learn to lose my concern  
But as soon as I stop I make a u turn to worry

Worry  
Worry  
Worry worry worry  
Worry  
Worry

Worry  
Worry worry worry

Sometimes a feeling just come over me  
Make my hands sweaty, make my heart beat  
I got butterflies all tied up inside  
I can't sleep even when I count sheep

That's worry  
Worry  
Worry  
Worry worry worry

Worry  
Worry  
Worry  
Worry worry worry

Worry  
Worry  
Worry  
Worry worry worry

Worry  
Worry  
Worry  
Worry worry worry
