

Afraid of Being Wrong

Hüsker Dü

Don't speak unless spoken to
and then you don't say much
you think you're so self-righteous
but your mind is out of touch
You're afraid you're afraid of being wrong
always be the passive one and go along
you're afraid you're afraid to speak your mind
that's not for me, not for me, not for me
Living in a crystal maze
Fucked, you can't get out
never be the agitator
unless you know what it's all about
