

## Giving It All Up for Love

Huey Lewis & The News

She comes home at 5:30  
And though her clothes are never dirty  
She'll change them just the same  
She likes to keep her name

She's giving it all up for love  
She's giving it all up for love  
She's giving it all up for love  
Giving it all up for love  
Up for love, up for love

She's got a tattoo on her tummy  
And her mummy plays gin rummy  
You might think that's kind of funny  
Hey, but she's keeping all the money

She's giving it all up for love  
She's giving it all up for love  
She's giving it all up for love  
Giving it all up for love  
Up for love, up for love

She's got a silver armadillo  
Underneath her pillow  
Some think it's a cupie doll  
Hey, but they got such crazy minds

She's giving it all up for love  
She's giving it all up for love  
She's giving it all up for love  
She's giving it all up for love  
Up for love, up for love

She's giving it all up for love  
She's giving it up for love  
She's giving it all up for love  
Ooh, she's giving it up, giving it up  
Giving it all up for love  
She's giving it up for love  
Up for love, up for love
