

# Missed Your Name

Hughes Turner Project

I'm on the train, all dressed in black  
You know I just gotta get back to you  
Back to you

I go from town to town  
You know just what I wanna do  
Oh, I wanna do

And I'm not asking you something I won't regret  
And I don't need no sympathy  
'Cuz all I wanna do, I hope I won't forget  
I can read between the lines

Name, missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your name

I need a little sanity  
Or just a vision in my head, oh yeah  
I want some identity  
So we can spill the wine and taste the bread

I don't want to live, face another day  
I just want you by my side  
Now tell me you won't give me somethin' you can't hide  
I can read between the lines

Name, missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your name

Missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your

And I'm not asking you something I won't regret  
I don't need no sympathy  
'Cuz all I wanna do, I hope I won't forget  
Oh, I can read between the lines

Name, missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your name

Missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your name

Missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your name

Missed your name, it's a shame  
I musta missed your name  
It's a shame, I'm to blame  
I musta missed your
