

## Last Prayer to the Lord

Human Fortress

Waiting for a sunrise  
Tired and aggrieved  
I don't dare to get up  
The devil rests gently  
Still remain in silence  
Try to hold my breath  
I can hear a whisper  
Evil is awake

I try to run  
I try to hide  
All entries locked  
Want to survive  
Suppress my fear  
To clear my mind  
'till I'm out of danger

Last prayer to the Lord  
Before it is over  
Last prayer to the Lord  
Hallowed by thy name  
Someone to assist  
Endure these dark hours  
Struggle for survival has begun  
The sway of evil shades the sun

I can't bear the slander  
Pure indignity  
Fatal smile of anger  
Nothing good's foreseen  
Rolling like a thunder  
Hear a blast of rage  
Running fast for cover  
Until the storm is flashing by
