

# Heidi Hates Me

Huntingtons

first time i met her was at bible study  
it started then, now heidi hates me  
she's leavin' the room every time we play a show  
and every time she does it, i just wanna know, oh why?

heidi hates me so  
heidi hates me so-o-o-o  
heidi hates me oh  
heidi heidi ho

could it be 'cause i bought your boyfriend's bike  
or that it took a year, now it's alright  
ya talk bad about the band every chance ya get  
and all i wanna know is when you're gonna quit, oh-oh

saw her at the sunshine house  
she didn't crack a smile  
extended her my hand  
but she kept walkin' down the aisle
