

I Want You Around

Huntingtons

i want you around
i want you around

they're telling us
they're gonna make a fuss
about the two of us

i know what you're thinking about
that you must have some doubts
i know what you're thinking when you find out

you know if it comes true
i'll be so good to you
i'll never treat you cruel
as long as i've got you around

you heard that i'm no good
yeah, yeah i'm no good
but i'll treat you like i should
