

# It Ain't What You Do

Hurricanes

Just a sweet Carolina, just a rockin' little mama  
Just leave my baby in old Alabama  
Rockin' in the evenin' when the sun goes down  
Mean guitar, that's a swingin' old town  
Rockin' and a-rollin' just a little while  
Ain't got no rollin', ain't got no holdin'

Get on, get on baby, get on  
Get on, get on baby, get on  
Well, let me be, rock and rollin' free

Well, old Alabama, just a sweet Carolina  
Just a-rockin' and rollin' may leave town  
Got to be a scoogie, lay on my boogie  
Let me hear you say you got my hole around  
Got to be a scoogie, bing bong bang  
Ain't got no rollin', ain't got no holdin'

Get on, get on baby, get on  
Get on, get on baby, get on  
Well, let me be, rock and roll with me

Well, go go baby dancin' rock and roll  
And twist and shout, you'll be rockin' the bowl  
Just a little baby, she's rollin' around  
Ain't got no rockin' or rollin' in town  
Got to be a scoogie of the neighbourhood  
Ain't got no rollin', ain't got no bowlin'

Get on, get on baby, get on  
Get on, get on baby, get on  
Do you rock and roll? Ain't got no moving on

Get on, get on baby, get on  
Get on, get on baby, get on  
Play me one more time, rocking and the roll

Get on, get on baby, get on  
Get on, get on baby, get on  
Just a-moving your arse, rocking and fast

Get on, get on baby, get on  
Get on, get on baby, get on  
Stop the music! Rocking is slow.
