

Things Will Never Be The Same

Hypnogaja

Now there once was a time
Remembered deep in my mind
A happily every after
But now I see all the signs
And watch the future unwind
This is the end of the laughter

I tried to warn you
But you didn't want to listen
And now our paths
They have to change

From here on out
Things will never be the same
Never be the same

And now I want to rewind
And just pretend that I'm blind
So I could get what I needed
But now I can't seem to find
Another way to define
The way that we were defeated

I tried to show you
But you didn't want to see it
And now our paths
They've got to change

From here on out
Things will never be the same
(Everything has changed)
Never be the same

We're used to
Everything
Bigger, faster, better, more
Now nothing
Compares to
What we had before

I never wanted to see
That the problem was me
I never wanted an ending
But I refuse to concede
I need the air that I breathe
On this, my life is depending
