Take The Fall

I Call Fives

I've gotta leave this place
But I've got nowhere to go
I feel like something's changed
And I can't wait til tomorrow
Takes me away to a better place
Where these things that have been changing me
Will slowly fade away

Well I'm not ready to fall again
And I'm crashing even harder this time
I'll never learn from my mistakes
But if this is what it takes
I'm gone

I never turned around
I just get lost inside your head
I'll won't make a sound
When I leave you tucked inside your bed
I apologize for everything I've said
I never meant to lie
No, I never meant to hurt you

Well I'm not ready to fall again
And I'm crashing even harder this time
I'll never learn from my mistakes
But if this is what it takes
I'm gone

And I can't see things
The way you want me to
Sometimes I just feel better
When I'm further from you
And I can't do things
Just cause you ask me to
We've been through all of this
Over and over and over
