

The Fall Guy

I Call Fives

We were kids so long ago
But as time caught up to us, you refused to let go
You make it so obvious
Why are you so obvious?
And I think that the hardest part
You like the heart that it takes, so you just keep taking from
me
You didn't have to be that way
It doesn't have to be this way

This time you did it again
You'll blame it on everyone else
It's your actions, they speak loud and clear
You fucked it all up again, and no one's there

So hide your face because you disgrace the name
And after all is done and said, you're an embarrassment
It's sad to say that I ever put the time in you
You just lack the ability to come through
You make me miserable
Sometimes it's more than I can take
I hope you're comfortable
Just watching as you throw your life away

This time you did it again
You'll blame it on everyone else
It's your actions, they speak loud and clear
You fucked it all up again, and no one's there

I'm not sorry for a word I said
I'm not sorry for a word I said
I'm not sorry for a word I said
I'm not sorry

This time you did it again
You'll blame it on everyone else
It's your actions, they speak loud and clear
You fucked it all up again, and no one's there
This time you did it again (I'm not sorry for a word I said)
You'll blame it on everyone else
It's your actions, they speak loud and clear (I'm not sorry for
a word I said)
You fucked it all up again, and no one's there
