

## 100 Dollar Bills

### I Can Make a Mess Like Nobody's Business

I live my life like a hundred dollar bill  
To give to all my friends  
Or anyone at all

I guess that's my way of hoping, oh yeah  
That I won't get left alone

A la da da  
La-da da da  
La-da da da  
La-da da da

And all my luck has given me this chance  
It's my uncertainties that brought me to this point

Oh I know I'm gonna blow it, oh yeah  
So I won't care at all

La da da da  
La-da da da  
La-da da da  
La-da da da

I live my life like a hundred dollar bill  
To give to anyone  
But no one really cares

I guess I've been mistakin'  
The green of the grass with the color of my hands
