

Adaptation Cell

I Can Make a Mess Like Nobody's Business

Glisten like a drop on my way down
I fell into your lap so helpless
It's my adaptation cell
Soul grow and help me up
Fingers flat while falling down my leg
I want to say stop
Hold it
Keep it
Save it
It's the only one we have
Don't break it
Erase it or fade it
It's the only one we have
Glisten like a drop on my way down
Fell into your lap so helpless
My adaptation cell
