

# Speak To Me

I the Mighty

You can't play innocent  
I figured out what soured every final kiss  
Please, I have to know just at what point  
in this dream of life we would share, I was replaced with him  
He was the only one who ever made me second guess to trust my gut  
Oh you're just being honest with your heart  
Well why won't you be honest with mine while it's trapped on the line

Take me out of your mind  
This fallacy of you singing my melody leaves me worthless  
Wake me up with a sign  
Tell me in your own true words

We always talked of hope  
for when I'd be out on the road and you were home  
Or you'd reassure that you're the one  
That no distance could get in the way of the life we would make  
My shadow kept whispering omens in my ear  
That we had an expiration date  
and from this premonition I had, I could never escape

Take me out of your mind  
This fallacy of you singing my melody leaves me worthless  
Wake me up with a sign  
Tell me in your own true words

I cannot leave you in this bed  
Your shallow breaths keep pulling me closer  
With each inhale I'm sucked right in  
and I can't stop watching while you sleep  
Your beauty is only rivaled with the words you speak so

Speak to me  
Just speak to me  
Why won't you speak?  
Just speak!  
But when the words come you play dumb like I'll never know!

Take me out of your mind  
This fallacy of you singing my melody leaves me worthless  
Wake me up with a sign  
Tell me in your own true words that I deserve this

Speak to me!  
Speak to me!
