

Used to be clean  
Now I'm filthy as can be  
Scrubbing off  
Every spot

Used to be mean  
Now I'm good as can be  
Brace me up  
I'm your slut

May the god of me protect my soul  
As I stay a little while longer  
In this dusty rabbit hole  
To sing my song chained onto your beds

May the god of me protect my soul  
As I stay a little while longer  
In this dusty rabbit hole  
To sing my song chained onto your beds

Used to be clean  
Now I'm filthy as can be  
Scrubbing off  
Every spot

Used to be mean  
Now I'm good as can be  
Brace me up  
I'm your slut

May the god of me protect my soul  
As I stay a little while longer  
In this dusty rabbit hole  
To sing my song chained onto your beds

May the god of me protect my soul  
As I stay a little while longer  
In this dusty rabbit hole  
To sing my song chained onto your beds

May the god of me protect my soul  
As I stay a little while longer  
In this dusty rabbit hole  
To sing my song chained onto your beds
