

Can't

Can't

You can watch it burn

Can't

Can't

Can't

You can't be the night (Can't)

You can't be the night (Can't)

You can't be the night

Can't

You can't be the night (Can't)

You can't be the night (Can't)

You can't be the night

In the ashes of your town

You can't be the night

You can't be the night

You can't be the night

You can't be the night

You can't be the night (You can't be the night)

You can't be the night (You can't be the night)

You can't be the night (You can't be the night)

You can't be the night

You can't be the night

You can't be the night
