

# The Way It Go

lamsu!

Yeah, yeah  
She wanna leave with a star  
We rockin' out like guitar  
Buy every drink at the bar  
This the way it go  
They ready to see a boy  
I'm makin' money like Floyd  
These bitches got me annoyed  
This the way it go  
I'm rackin' money like leave  
She beggin' me not to leave  
I've got bills to pay, mouths to feed  
My [?]  
I'm bigger mouse to me  
Fuck a cosign, I got dead lines to me  
Chuga chuga chuga chuga train comin'  
Full speed ain't nothin' stoppin' this motherfucker  
I broke free I'm a renegade  
They bring it straight to the industry  
Now it's time to let me in the game  
Shit changed, 2012 MDA  
Time to ball like the NBA  
Steph Curry, KD, Chris Paul, John Wall, or somethin'  
Sylvester paintings on my halls in my walls lil mama  
Digi dash, my foreign showin' kilometers  
Feel like I'm going 200 miles per hour  
But we ain't runnin' from nobody  
Even if they was chasin' me  
I'm the greatest, like Muhammad  
Don't want no problems  
Tyler Rayton, No violence  
Yeah my tape rewindin' in my face  
They smiling in my lane  
I'm flying kingdom, I'm a tyrant  
I got bling around my collar, yeah  
I'm at the top and I ain't comin' down  
Woah  
Walk through my city, but I run it now  
I used to play my position  
Now I want every position  
I'm at the door like "who is it?"  
Bitch, I'm reloaded, you [?]  
It's time to go through specifics  
All this flow on the Pacific  
I can't believe that you doubted me  
But for that you're forgiven  
This shit is crazy

I don't know what I'm finna do with this rap game  
They thought I would act a fool when the cash came  
But I'm investing  
I need a new California, hoe, not a Mustang  
I'm looking at the scenario, it's disgusting  
But I know one thing, I ain't slowing down for nothing  
Given the circumstances I should probably be afraid  
It's so much extra curricular, shit I don't entertain

No shooter, gang bang  
I influence you [?]  
I've been playing bro, but really I've been goin' through thangs  
Like, these niggas tryna hold me back  
New fans don't know he raps  
True fans want the OG back  
A billion a half, yeah the game owe me that  
I don't want no feed back  
Yeah  
Just point me in the right direction  
The best thing going in my section  
Man, I swear this shit crazy

I don't know what I'm finna do with this rap game  
They thought I would act a fool when the cash came  
But I'm investing
