

These Days

Iamsu!

[Iamsu!:]

I've been drinking way to much these days
'Cause ain't too many that I trust these days
I got niggas in the cut these days
So I don't gotta say to much these days (Ooh)

And I'm still in the field with my dogs like (Ooh)
And I'm still in the field l with my dogs like

I've been drinking way to much these days
'Cause ain't too many that I trust these days
I got niggas in the cut these days
I don't gotta say to much these days

Water on my neck like ice age
My new baby do whatever I say
Everywhere I go I be with my gang
So I don't really do the one to one thing, yeah
And that just how it is on my side dog
She knows every single change when I'm involved
From the trips to the porches and the new cars
She know all around the globe they gonna choose hard, choose hard
My house in the hills, everything is too far
Diamonds give me chills, I feel like a new star
Baby catch the boy, you ain't thinking too smart

I've been drinking way to much these days
'Cause ain't too many that I trust these days
I got niggas in the cut these days
So I don't gotta say to much these days (Ooh)

And I'm still in the field with my dogs like (Ooh)
And I'm still in the field l with my dogs like

I've been drinking way to much these days
'Cause ain't too many that I trust these days
I got niggas in the cut these days
I don't gotta say to much these days

[RBC Bugzy:]

Yeah, all these diamonds called VS these days
I been running through a check these days
Buzzy out copping cribs these days
Back in the day we used to share a place
Yeah, never going back to being broke
Catch me on the scene in Saint Laurent or this VO
Ooh they think it's funny, I remember being broke
Flooded like a tree and now these hoes won't leave me alone, yeah

I've been drinking way to much these days
I've been wanting niggas dead these days
This a 40, well you know the big face
They tried to play me so I changed my game

[Iamsu!:]

I've been drinking way to much these days
'Cause ain't too many that I trust these days

I got niggas in the cut these days
So I don't gotta say to much these days (Ooh)

And I'm still in the field with my dogs like (Ooh)
