

# Just Like You

Ian Brown

All Day I Dream And Shine  
And Dreams I Dreamt Above Skylines  
Angels Divine Illuminate Delivering A Sign  
of heavens gate

All Day I Dream And Shine  
And Dreams I Dreamt Above Skylines  
Angels Divine Illuminate Delivering A Sign  
heaven can wait

Just like you I got to be on my way  
Like everybody else, unique and we're the same  
Just like you in the breeze of a windswept day  
Sunshine on my mind rain upon my face  
Just like you I'm living for today

All Day I Dream And Shine  
And Dreams I Dreamt Above Skylines  
Angels Divine Illuminate Delivering A Sign  
heaven can wait

Just like you I got to be on my way  
Like everybody else, unique and we're the same  
Just like you in the breeze of a windswept day  
Sunshine on my mind rain upon my face  
Just like you I'm living for today

Just like you I got to be on my way  
Like everybody else, unique and we're the same  
Just like you in the breeze of a windswept day  
Sunshine on my mind rain upon my face  
Just like you I'm living for today
