

# Keep on Burning

Ian Hunter

(ian hunter)  
Oh  
Well there ain't no sense  
In burning bridges.  
No, there ain't no sense  
In burning bridges.  
If we're sorry  
Then it's our failure  
So says the jailor,  
Fade? away.  
Now there ain't no debts,  
Just destinations.  
Like birds made out of steel,  
They fly by.  
Lost lovers in a moonlit night,  
Broken lovers in a starless night.  
I lay my clothes down at your feet  
'cause all I want is for you  
To keep on burning.  
Keep on burning, babe,  
Keep on burning.  
Yeah, keep on burning (burning).  
And when that flame dies  
Becomes an ember,  
Remember, keep on burning (keep on burning).  
Can you feel my warmth  
Inside of you, babe.  
Oh can you feel my blood  
Running through your veins.  
Don't lay the blame on me, girl,  
Just like lovers often will  
I lay my heart down at your feet  
Oh all I want is for you  
To keep on burning,  
Keep on burning (burning)  
Keep on burning, babe (yeah),  
Keep on burning (burning).  
'cause when that flame dies  
Becomes an ember,  
Remember, keep on (burning, keep on burning) burning.  
Yeah, (you gotta) keep on burning (burning),  
Ooh, keep on burning.  
Keep on, keep on, keep burning, babe,  
Ah (you gotta keep on burning, burning) keep on burning (burning),  
Baby (yeah) you gotta keep on burning, burning.  
Keep on burning,  
Keep ...
