

Sister Europe

Icehouse

Stupid on a stein away
Sick on a Steinway
The sailors drown
See them talk and see them drown
See them drink and fall around
On the floor

Sister of mine, home again
Sister of mine, home again

Lonely in a crowded room
The radio plays out of tune
So silently
Radio upon the floor is stupid
It plays as before
So out of key

Buy a car and watch it rust
Sister, see them fall to dust
They fall around
In another crowded room
Paint me like the shed I`m in
On display
