

# Taking The Town

Icehouse

They say there's only one tonight  
Oh yeah we're gonna make some changes  
Those boys are gonna shake their spades tonight  
Raise the doubt yeah, re-arranger

So if you think it safe, yeah you think it's fine  
Well you better think again  
Because we're coming out  
Oh yeah we're coming out  
We're gonna turn it all upside down

Oh yeah we're taking this town  
Nah nah nah nah  
Oh yeah  
Nah nah nah nah  
Oh no we're taking this town  
Nah nah nah nah  
Hmmm yeah,  
Nah nah nah nah  
We're gonna take this town  
Nah nah nah nah  
Oh oh yeah  
Nah nah nah nah

Well it's a kind of a crazy game  
It has no face and it has no name  
And it's the sign of the drums, yeah  
Cha cha, cha cha cha cha

And I'm here to take this town  
Get off the street when you hear the sound, yeah  
'Cause they're singing the songs, yeah  
So you better step aside tonight  
We don't have the time for strangers  
For strangers

Nobody's gonna keep us down tonight  
As for love, we live in danger  
Danger  
You know the time is now, the time is right  
to get this city straight  
If you think it's strange  
well that's your problem man  
'cause you're just a little late
