

King Of Misery

Ida Corr

I can't understand how you can live without me
Day after day not counting every minute
Hoping I'll return as if I never left
You should be the king of misery

And I would know cause I can't breathe
without you by me baby please
I cry when no one's watching me
How can you say goodbye?
Goodbye
Goodbye

Can this be for real that you can just continue
When I'm not there to simply be around you
Might not even care that I just said I love
You should be the king of misery

And I would know cause I can't breathe
without you by me baby please
I cry when no one's watching me
How can you say goodbye?
Goodbye
Goodbye

And I would know cause I can't breathe
without you by me baby please
I cry when no one's watching me
How can you say goodbye?
Goodbye
Goodbye

Goodbye
Goodbye
Goodbye
Goodbye
Goodbye
