

Morning Light

Ida Maria

What's easy in the night
Is always such a bite
In the morning light
Ha ha ha ha haa

What's easy in the night
Is always such a bite
In the morning light
Ha ha ha ha haa

And you've got a liquour stain
On your uniform
On your uniform
I know where your from
Ha ha ha ha haa

You know what I've got
Such a heavy heart
Such a heavy heart
You can't carry it
No no no no noo

What's easy in the night
Is always such a bite
In the morning light
Ha ha ha ha haa

What's easy in the night
Is always such a bite
In the morning light
Ha ha ha ha haa

And you know what I've got
Such a mixed up mind
Such a mixed up mind
You can't sort me out
No no no no noo

You've got a polished mask
Yeah it looks like shit
Yeah it looks like shit
You can't get rid of it
No no no no nooo

What's easy in the night
Is always such a bite
In the morning light
Yeah yeah yeah yeah yeah

What's easy in the night
Is always such a bite
In the morning light
Ha ha ha ha haa
