

I want to fly a little to the right, I'll never get to Crowdsdel  
l

And I want to stay awake all night to realise (I'm not Ben Hoy)

What should I take with me to the North? It's the good North  
The promised success, the appropriate North. It's the good Nort  
h

Apparently, you're happy, you've realised  
I'm meant to be, unhappy, I've realised (I'm not Ben Hoy)

What should I take with me to the North? It's the good North  
The promised success, the appropriate North. It's the good Nort  
h

I want to reunite, I'll never save (what will you save?)  
When everything is broken now  
I want to reunite I'll never save (what will you save?)  
Everything is broken

I want to fly a little to the right, I'll never get to Crowdsdel

And I want to stay awake all night to realise (I'm not Ben Hoy)

And what should I take with me to the North? It's the good Nort

The promised success, the appropriate North. It's the good Nort

I want to reunite I need to save (what will you save?)  
When everything is broken now  
I want to reunite I need to save (what will you save?)  
When everything is broken now  
I want to reunite I need to save (what will you save?)  
When everything is broken now  
I want to reunite I need to save (what will you save?)  
When everything is broken now

Everything's gone now, everything's gone now  
(you've gone now, when everything's broken now)  
Everything's gone running without a sound
