

Satan Polaroid

Idlewild

The sea is never calm
It always blows and knows it too
But I'm alone
I'm alone
I'm alone in the satan polaroid
Yeah!, yeah!, yeah!
I said it always seems kinda strange
And the drinking has got under age
I said it always seems kinda strange like a sad happiness
This is happiness and I fall
You said you feel so alone
Dont make me feel so alone
You said you feel so alone
Don't make me feel so alone
What makes you feel so alone?
Dont make me feel so alone
So don't feel alone
The sea is never calm
It always blows and knows it too
But I'm alone
I'm alone
I'm alone in the satan polaroid
Yeah!, yeah!, yeah!
I said it always seems kinda strange
And the drinking has got under age
I said it always seems kinda strange like a sad happiness
This is happiness and I fall
You said you feel so alone
Dont make me feel so alone
You said you feel so alone
Don't make me feel so alone
What makes you feel so alone?
Dont make me feel so alone
So don't feel alone
I need to care about anything
I need to care about something
I need to care about something
I look outside, I look outside, I look out
Yeah!, yeah!, yeah!
I said it always seems kinda strange
And the drinking has got under aged
I said it always seems kinda strange like a sad happiness
This is happiness and I fall
You said you feel so alone
Dont make me feel so alone
You said you feel so alone
Don't make me feel so alone
What makes you feel so alone?
Dont make me feel so alone
So don't feel alone
You see that your only young once in this world
You see that your only young once in this world
You see that
