

# Little Know It All

Iggy Pop

I'm the kid that no one knows  
I live a life I never chose  
With these thoughts in my mind  
On my own, my own

I'm face to face with the unknown  
My Scary Movie will be shown  
I got one evil mind  
Of my own, of my own

We take from one another  
And never stop to wonder  
How it feels from the other side  
When nothing lasts forever  
When stupid turns to clever  
Why are you surprised?

Little know it all (little know it all)  
Ten bucks in my hand  
Little know it all (little know it all)  
Don't cry, I understand  
So!

I'm a target of the smart  
They got ambition, I got heart  
I'm analyzed and tagged  
Before I start

So tell me, who can I respect?  
I feel the leash around my neck  
As I find out there's shame  
In the game (in the game)

We take from one another  
And never stop to wonder  
How it feels from the other side  
When nothing lasts forever  
When stupid turns to clever  
Why are you surprised?

And I feel like.. I'm caught outside the box  
And I feel like.. I'm sleeping when I'm not

[Guitarsolo] Look it's for a real thing, it's for a real thing

We take from one another  
And never stop to wonder  
How it feels from the other side  
When nothing lasts forever  
When stupid turns to clever  
Why are you surprised?

Little know it all (little know it all)  
Ten bucks in my hand  
Little know it all (little know it all)  
Don't cry, I understand

You little know it all (little know it all)  
Ten bucks in my hand  
Little know it all (little know it all)  
Don't cry, I understand

You never know at all
