Loser

Alright The feet in my boots Are shaking their roots For a reason I'm looking at you And you're too much to chew For a reason And the problems you got Are the problems you got For a reason And what you are not Is what you are not For a reason There's a decadent home Where there should be control I can't live anymore There's a festering truth Where there should be the truh I can't live anymore You wanna blame me But you got misery For a reason And the way that you lose Is the way that you chose For a reason And if this is a slam I don't give a damn For a reason 'cause the point of this song Is I'm moving along For a reason There's a bottomless pit And you've got me in it I can't live anymore You're a tower of a cruel And I feel a fool I can't take it anymore You're a loser [Repeat: x5] For a reason You're a loser The feet in my boots

Are shaking their roots For a reason [Repeat: x4] **Iggy Pop**
