

Nice to Be Dead

Iggy Pop

It's nice to be dead It's nice to be underground Free of the ugly sounds Of life

It's nice to be dead Nice to be understood No need for being good That's nice

Hey

They say it's cynical To elevate the physical So tell me, godless god Then why are these people clouds Causing the earth To fry Fry

It's nice to be dead

Life's river flows And when it's dry, it's dry I can't support the lies That bind me It's nice to be dead Nice to be dead It's nice to be dead
