I saw my baby

**Em**

She was turning blue

**D**

Oh, I knew that soon, her

**A**

Young life was through

And so I got down on my knees

Down by her bed

And these are the words

To her I said

**D**

**Em**

**Bm**

Everyone will be all right, Tonight

**G**

**D**

**Em**

**G**

No one moves, No one talks, No one thinks, No one walks

**D**

**A**

Tonight, Tonight

**D**

**Em**

**Bm**

I am gonna love her to the end

**G**

**D**

I will love her 'til I die

**Em**

**G**

I will see her in the sky...Tonight
