

## What Love Denies

Ignitor

(Helmut & Queen Illia)  
Look in my eyes and see  
What love denies to me  
Help me (Spare me)  
Save me (Leave me)  
Forgive me my darling  
What else could I do?  
Love me (Fear me)  
Free me (Flee me)  
Excuse my deception  
I did it for you  
I've waited for so long  
Trapped in this hell  
I've longed for a lover  
That would break this spell  
I beg you Helmut help me please  
Break this curse and set me free  
Don't let me suffer this forever  
Save me so we can be together  
Look in my eyes and see  
What love denies to me  
Spare me (Help me)  
Leave me (Save me)  
Your cries are just lies  
I won't suffer your tears  
Fear me (Love me)  
Flee me (Free me)  
Your final breath  
Is all that I want to hear  
I've suffered too long  
For too many years  
My hour of vengeance  
Is finally here  
You monster  
You murderer  
Destroyer of my world  
You're wicked  
You're evil  
A spawn of the Devil  
You monster  
You murderer  
Destroyer of my world  
You're wicked  
You're evil  
A spawn of the Devil
