

Dance On The Heartbreak

Ilse DeLange

An empty floor, a record on
I'm living for an endless song
I want you more, now that you're gone
Baby I'm falling, falling without you
Like I do for you
I'm falling for you
Like I do, like I do, like I'm gonna

Dance on the heartbreak
Till I don't feel it, till I don't feel it
I'll dance on the heartbreak
Till I don't feel it, till I don't feel it for you
Like I do for you
I'm gonna dance on the heartbreak
Till I don't feel it, till I don't feel it for you
For you

When I get lost, I got a trick
My heart get's locked into the kick
It's what I got, that's how it is
Baby I'm moving, moving without you
Like I do for you
I'm moving for you
Like I do, like I do, like I'm gonna

Dance on the heartbreak
Till I don't feel it, till I don't feel it

I'll dance on the heartbreak
Till I don't feel it, till I don't feel it for you
Like I do for you
I'm gonna dance on the heartbreak
Till I don't feel it, till I don't feel it for you
For you, for you, like I do, like I do, like I'm gonna

Dance on the heartbreak
Till I don't feel it, till I don't feel it
I'll dance on the heartbreak
Till I don't feel it, till I don't feel it for you
Like I do for you
I'm gonna dance on the heartbreak
Till I don't feel it, till I don't feel it
I'll dance on the heartbreak
Till I don't feel it, till I don't feel it for you
Like I do for you
I'm gonna dance on the heartbreak
Till I don't feel it, till I don't feel it for you
For you, for you, like I do, like I do, like I do
