

# We Are One

Ilse DeLange

You used to hold me  
Now I hold you  
You used to tell me  
Now I tell you  
Don't worry, don't worry  
We won't be apart

You were strong  
Now I'm stronger  
Please hold on a little longer  
Don't worry, don't worry  
We won't be apart

'Cause we are one one one, one one one  
Rhythm of a beating heart  
We are one one one, one one one  
Never be apart, never be apart  
Oh uh oh uh oh uh oh uh oh, oh uh oh uh oh  
Never be apart

Give me love  
And I love you  
In my blood pieces of you  
Don't worry, don't worry  
We won't be apart

When you're gone  
I'll remember  
In my heart still together  
Don't worry, don't worry

We won't be apart

'Cause we are one one one, one one one  
Rhythm of a beating heart  
We are one one one, one one one  
Never be apart, never be apart  
Oh uh oh uh oh uh oh uh oh, oh uh oh uh oh  
Never be apart

If you need to move on  
And I leave the light on  
To help you find your way back home  
While you are away and  
I'll be waiting  
We are lonely but we're not alone  
Not alone

'Cause we are one one one, one one one  
Rhythm of a beating heart  
We are one one one, one one one  
Never be apart, never be apart  
Oh uh oh uh oh uh oh uh oh, oh uh oh uh oh  
Never be apart, never be apart  
Never be apart
