

Lights Out

Imago

I lie in the dark
Nobody's around
I want you to come here
Make some sound for me

So much to say
But doubting lately
I fumble around
Oh i need more time to see

Chorus:
Should i turn the lights out
Is there enough for one now
Will my beacon be bright
Would you find ...

...
Yet the feeling is mutual
...
Let me shine and you love it

So much to say
But doubting lately
I fumble around
Oh i need more time to see
