

What Am I Gonna Do

Imelda May

I could be careful
I could be good
Not in my nature
Oh yeah I'm sure
To do what's wrong
To do what's right
Devils and Angels begin to fight

What am I gonna do?
Don't wanna run don't wanna choose
What am I gonna do?
I'm so mixed up, I'm so confused

I could be frisky
Bit off the shelf
But don't want trouble brought on myself
I could play safe
Not make a fuss
But its my style to shout and cuss

What am I gonna do?
Don't wanna run don't wanna choose
What am I gonna do?
I'm so mixed up, I'm so confused

Don't wanna be your sweetie
Don't wanna be your cutie
Don't wanna die about 'em. (?)
I just want a little fun

What am I gonna do?
Don't wanna run don't wanna choose
What am I gonna do?
I'm so mixed up, I'm so confused

I might be tempted
I might be swain
What am I thinkin'?
I'm going insane
Get together
For goodness sake
Our rules to keep, are made to break

What am I gonna do?
Don't wanna run don't wanna choose
What am I gonna do?
I'm so mixed up, I'm so confused

What am I gonna do? (3x)
