## **Those Left Behind**

## **Immolation**

I lift my soul joyfully
If not, my life will end painfully
Extol He who rides above the clouds
Majestic and glorious
Reigning victorious

Exalted to His name
Far above the Earth
But below is where I`ll see
Unmoved by Your praise
High above the heavens
Resounding out His name
Far below are my beliefs

Your majestic light shines down upon me
I turn my face... and shut my eyes
For Your light casts darkness upon my world
A world I've not chosen... to dwell within
For those who judge me by Your standards
Say I'm unworthy... of Your grace

Enthroned upon their praise Pethroned with my disgust Unworthy of Your glory You turn Your back on me

Yo are Jesus
You are Lord
Imperfect God
You are nothing to me
For this You say
I'll burn for eternity

Jesus Christ You are Lord You are God But have You won over sin and death Victory`s crown shall be ours For we are those Those You`ve left behind
