

City Of Refuge

Impending Doom

Songs in the night are sung in the city of refuge. Songs
in the night are sung in the city of refuge. I call you
out to choose your side. Find the truth amongst the lies.
Find the truth amongst the lies. I want to see your
tears. I want to see anger. Bring out your fears. Take
them out on me. Songs in the night are sung in the city
of refuge. Songs in the night are sung in the city of
refuge.
