

# Blinded

Imperia

You are the sunrise  
After a cold dark night  
My shelter in the storm

My guiding light

I'm blinded when I scream  
As I tumble through the darkness  
I'm blinded when I scream  
I'm tumbling through the dark

Dancing in the clouds  
Lost in time without a meaning  
My shelter in the storm  
My guiding light

I'm blinded when I scream  
As I tumble through the darkness  
I'm blinded when I scream  
I'm tumbling through the dark

Out of the ashes  
When the fire is gone  
The unsilent burning  
Is ever so strong

My shelter in the storm  
My guiding light

I'm blinded when I scream  
As I tumble through the darkness  
I'm blinded when I scream  
I'm tumbling through the dark

I'm blinded when I scream  
As I tumble through the darkness  
I'm blinded when I scream  
I'm tumbling through the dark
