

Heavy Lies The Crown

In Fear and Faith

You told me that it wasn't personal.
I traded everything for this and now it's gone.
Where is this coming from?
Once more you're recovering from all the things you've... done.

I'm strong enough to breathe the air into my lungs.
I saw this coming, maybe this is... right.

All I want is for you to remember me.
Not sure I've done enough.
In the end this is only a melody.
I guess that I will just try my best to sleep and I'll wake up
wondering,
If anyone knows what is wrong, with what I have become?

I'm strong enough to breathe the air into my lungs.
I saw this coming, maybe this is... right!
(Feels like forever since we laid down,
I never imagined you to be the to make me feel like I've been f
alling through
And maybe you just need some time,
Or maybe it's to late.
I realise that I was only pushing you away)

I'm begging, I'm begging you.
I'm begging, I'm begging you.
If anyone knows what is wrong, with what I have become?
