

## Drained

## In Flames

What we had we throw away  
We were close to heaven  
But we ended up in hell  
What we had we throw away

Just cause the hurt doesn't show  
There's no way to recover  
You broke my heart in two  
I had a dream of growing old  
I saw us driving to the end of the road

We had this world of make believe  
I thought I saw the fire in your eyes

You ripped the heart out, you ripped the heart out  
You ripped the heart out of my will to survive  
You ripped the heart out, you ripped the heart out  
You killed the part of me that kept us alive

I'm drained and out of phase  
I was shooting straight but you stole my aim  
Could have walked for miles  
We were supposed to be the end of the line

We had this world of make believe  
I thought I saw the fire in your eyes

You ripped the heart out, you ripped the heart out  
You ripped the heart out of my will to survive  
You ripped the heart out, you ripped the heart out  
You killed the part of me that kept us alive

You killed the part of me that kept us alive

We had this world of make believe  
I thought I saw the fire in your eyes

You ripped the heart out, you ripped the heart out
