

Vacuum

In Flames

The yesterday we loved
Speak of tomorrow,
The burden of man is
that time never takes a pause

We live from monday to sunday
But we forget what it means
Then a ghost comes to visit
and we tell stories from tabloids

Call all your friends
Watch fake photos
from a made up vacation
Speaking in tongues
about ancient artifacts

We steal from beggars
and ask for understanding
We lie rape steal and murder
to make tonights headlines

Trust the system
Make your contribution
Smile, applaud, love, hail
The weaker you get
The stronger they become

Listen in silence, hear her voice
How far are we ready to take this?
Listen in silence, hear her voice
Before it all crumbles

Lie rape steal and murder
Smile, applaud, love, hail

Gather in front of the tv
Exploding sympathy
The weatherman our trust
Our punctual company

We steal from beggars
and ask for understanding
We lie rape steal and murder
to make tonights headlines

Trust the system
Make your contribution
Smile, applaud, love, hail
The weaker you get
The stronger they become

Listen in silence, hear her voice
How far are we ready to take this?
Listen in silence, hear her voice
Before it all crumbles

Lie rape steal and murder

Smile, applaud, love, hail

Listen in silence, hear her voice
How far are we ready to take this?
Listen in silence, hear her voice
Before it all crumbles
