

# I Amaze

In Grey

Wandering in another dimension  
My thoughts are away  
Why... These days of wander  
Why... And I amaze

When all is remembered  
And the rain starts it's fall  
I'm lying here scattered  
My thoughts starts it's crawl

My expressions turns to horror  
Released from darkness and pain  
Gone beyond tomorrow  
I'll see you never again

When all is remembered  
And the rain starts it's fall  
I'm lying here scattered  
My thoughts starts it's crawl
