

Cloud Seeder

In The Woods...

Cloud seeder, all is for you
Without your rain
This desert could not bloom
I'm waiting for you to arrive
Anticipating cascading skies
So soothing, to cleanse my fears
Life-giving is in your tears
She brings the storm
So soothing, to cleanse my fears
Life-giving is in your tears
From nowhere
Black clouds strike out the sun
She brings the storm
Thunder, lightning, torrential rain
So soothing, to cleanse my fears
Life-giving is in your tears
Cloud seeder, all is for you
Without your rain
This desert could not bloom
