

# No Paradise Awaits

## Incantation

You were nailed to a cross  
Punished left for dead

Die among thieves  
End of an ungraceful life  
You said you'd return  
To save our sinful minds

I see nothing of power  
Only words of lies

I rip from you, your crown  
Slaughter your weak servant fools  
I denounce you king  
For there is no God

Fuck the heavens  
Tales of ecstasy  
No paradise awaits

Whom I receive my soul I enslave

Can you believe?  
Words of a prophet  
No paradise awaits
