

# Vanquish In Vengeance

## Incantation

Aller, weser rivers flow  
Christians flock, judgement

Thousands perished  
on the block

Axes fall on necks  
call forth vengeance at verdun  
scorn heaven

Heathen arbitration!  
Christian castration!  
Vengeful retribution!  
Holy dissolution!

Eulogy in stone, that now stands alone  
let no filth, infect your lands

Cower, die, in defeat
