

Don't Be A Fool

Incognito

(J.P. Maunick / M. Edwards)
Don't be a fool to yourself
You can't put the blame on no one else
She gave you all that she had
And there's nothing more
Oh no, there's nothing left to give
Don't be a fool to yourself
You can't put the blame on no one else
You're losing the best thing in your life
You're watching her go
Don't you know you're watching her go
So if you think it's like the last time
And that she'll come back once more
Chorus:
You're only fooling yourself
Only fooling yourself
You're only fooling yourself
Only fooling yourself
Now take a look at yourself
What's left of the man that she once knew?
She thinks that he's been gone so long
She thinks he's not coming back
Never coming back
There's no one to blame but yourself
You took all the love that she could give
Never gave much in return
She's hurt and you're through
Oh, she's got nothing left to give you
So if you think it's like the last time
And that she'll come back once more
Chorus
