

## Nights Over Egypt

Incognito

There's a sky in the east over pyramids at Giza  
Where there once lived a girl, she ruled the world  
Then down the Nile he came with a smile  
He was the king, she was the queen  
Under the moonlight your eyes won't believe  
What your mind can't conceive  
Nights over Egypt, nights over Egypt  
Nights over Egypt, incense and myrrh  
And girls that swirl to the music  
Nights over Egypt  
Women fellahin  
Wear veils to been seen by no one  
Take a caravan across the Sudan  
Saharan facade is just a mirage  
Oasis in the sand where life once began  
Under the moonlight your eyes won't believe  
What your mind can't conceive  
Nights over Egypt, nights over Egypt  
Nights over Egypt, incense and myrrh  
And girls that swirl to the music  
Nights over Egypt  
Nights, nights, nights over Egypt  
Nights, nights, nights over Egypt  
Oasis in the sand where life once began  
Your eyes won't believe  
What your mind can't conceive, oh yeah  
Where there once lived a girl and she ruled the water  
Then down the Nile he came with a smile  
Take a caravan across the desert sand  
He was the king and she was the queen  
Nights, nights, nights over Egypt  
Nights, nights, nights over Egypt  
Nights, nights, nights over Egypt  
Nights, nights
