

Smile

Incognito

There's no song like a love song
(Love song)
No love like true love
(True love)
No smile
Like the smile of a child
Be like a child
Welcome each day one at a time
Don't be a afraid
(Do be do do be do)
To say you're sorry when you're wrong
Be a better you
Be like a child

Be like a child
Don't loose yourself in a world of cares
Let yourself go
(Do be do do be do)
Oh, be happy and be loved
Be a better you
Be like a child
Chorus
Be like a child
Welcome each day
And, don't loose yourself
