## Index Case

Have you ever thought  
Something you forgot  
Wired eyes are blinking  
Tired minds are thinking  
So is this  
A decision to live with  
The sink keeps on dripping  
This will never stop

Where do you get off thinking  
You're disentigrating  
Because my synnapse is breaking  
Listen to listen

Listen this is just a vision  
My final decision  
Silence is a feeling  
The feeling is right  
I can just picture you  
Huddled in your corner  
Picking up your pieces  
This will never stop

Where do you get off thinking  
You're disentigrating  
Because my synnapse is breaking  
Listen to listen

Now you've got nothing to show

Where do you get off thinking  
You're disentigrating  
Because my synnapse is breaking  
Listen to listen

Nothing to show
