

# The Lost One

InDirections

How could I believe, how could I see  
In something that is never there  
The fidelity of another entity is hard to maintain with a ghost  
My body is telling me that I need to move on,  
But the other side is telling me that I needed so much more  
I traveled down this path for so long  
But all I found was the darkness inside of me  
I traveled down this path for so long  
And I'm still looking for the holy ghost  
The fidelity of another entity is hard to maintain with a ghost  
My body is telling me that I need to move on,  
But the other side is telling me that I needed so much more  
The fidelity of another entity is hard to maintain with a ghost  
My body's telling me that I need to move on  
But the other side is telling me that I need more  
My god, it's not enough  
It's not enough  
How could I forgive you for all my mistakes  
How could I forget the fact that I still feel you here with me  
And I still feel you all around me  
And I still feel you here  
(You're in my heart)  
You are in my heart  
(You're in my heart)  
You are, you're in my heart  
Come save me  
(You're in my heart)  
You are in my heart  
(You're in my heart)  
You are, you're in my heart  
Come save me  
(You're in my heart)
